

APPLICATION FORM

1. Reference No.:

2. Thematic Area:

3. Details of the Applicants

Details of Principal Investigator and all Co-investigators. Include institution, gender, email, telephone, age, location, indicate if you are a person living with disability.

4. Research Project Title

Provide a short descriptive title of the research project, not to exceed 250 characters.

5. Research Project Summary/Abstract (Maximum 400 words)

Provide an abstract or brief summary of the research project. Outline the background, problem, how the problem will be addressed, objectives, expected outputs, outcomes and impact

6. Lay Abstract (Maximum 400 words)

Provide a layperson summary of the project, not to exceed 400 words. Describe your work in a way that it will be understood by people who do not have scientific/medical background. Be clear and avoid technical and scientific terms when possible. NCI-K may use this content on its website and/or other public facing materials.

7. Project Background (Maximum 1200 words)

Include relevant references

8. What is the specific cancer prevention and control problem that is being addressed? (Maximum 400 words)

Indicate in detail the problem the project seeks to address.

9. Justification (Maximum 300 words)

Explain why it is important to address the problem.

10. General Objective

11. Specific Objectives

12. Hypothesis

13. The scope (Maximum 600 words)

Outline the scope of the project

14. Methodology (Maximum 1500 words)

Provide a detailed methodology to be used to achieve the objectives of the study. How is this approach different or innovative?

15. Indicators, Outcome, Output and Impact (Maximum 1000 words)

What indicators will be used to measure the success of the proposed research project? How will it impact cancer control in Kenya?

16. Deliverables and Timelines (Maximum 600 words)

Provide a breakdown of Key Deliverables and Milestones in a detailed gantt chart

17. Project Team and Expertise (Maximum 700 words)

Outline the qualifications and expertise of individuals who will be involved in the project.

18. Budget

Using the prescribed budget template, present a comprehensive budget breakdown that covers all costs associated with the project including and not limited to; direct research costs, equipment, supplies, and travel, among other costs

19. Community Engagement (Maximum 300 words)

Indicate the community engagement activities that will be carried out in the project

20. Dissemination (Maximum 300 words)

Provide a clear dissemination plan of the research findings

21. Sustainability (Maximum 300 words)

How will the project be continued after the funding period ends?

22. Risk Management (Maximum 300 words)

Identify potential risks and provide a risk management strategy to mitigate them effectively.

23. References

Outline relevant references

BUDGET TEMPLATE

Category	Detailed description and justification	Amount (KES)	Percent of Total Budget
Equipment, Supplies, Research Tools			
Travel & Fieldwork for Data Collection (Travel and accomodation should not exceed 25% of total budget)			
Dissemination of Results (Conferences, workshops, publications)			
Research Management Costs (Should not exceed 7.5%)			
Other Expenses (Specify)			
TOTAL BUDGET			100%
